Annexure – Additional Environmental Requirements for the Covid-19 Testing Services Tender:

1. Volumes of Health Care Risk Waste (HCRW) produced must be recorded on the ERI (or equivalent) waste manifest and reported to ERI on a monthly basis (within the period 25 – last day of each month).
2. Proof of disposal of HCRW must accompany the waste manifest, or must be submitted within 30 days after reporting.
3. Proof of Waste service provider that will be used
4. Procedure for HCRW management to be submitted to ERI Support Services Environmental Advisor. If the procedure does not align with the ERI Waste Work Instruction, the Service provider will adopt and comply with the ERI Waste Work Instruction.
5. National (National Environmental Management: Waste Act, Regulations and Norms and Standards, where applicable), Provincial and Local Government requirements for waste management (including registration, permit requirements and authorisations) must be complied with. This will depend on the location of sites to be serviced.
