

ANNEXURE A: TERMS OF REFERENCE DISPOSAL OF BUS SCRAPS

1. Introduction

The mandate of Autopax Passenger Services (Autopax) is to provide an intercity bus passenger transport service which operates on a fully commercial basis, support Rail operations through effective feeder and distribution services and to offer services to cities and municipalities in rural areas.

Autopax wishes to invite companies to make offers for purchasing of damaged (scrap) buses, used oil filters, used air filters, used radiators and brake drums.

2. Background

- **Bus Scrap**

AUTOPAX has 21 damaged buses, some of these buses were in involved major accidents and some were burnt out. To dispose of theses buses AUTOPAX wishes to invite companies to make an offers for the purchasing of these scrap buses.

- **Other Metal Scrap Items**

Autopax wishes to invite bidders to make an offer to purchase used scrap metal components namely:

- ✓ Oil Filters, Air Filters, Bus Radiators and Bus Brake Drums (Grade A Metal)
- ✓ Including Ferrous and Nonferrous Metals

All the scraps are located at the Johannesburg depot, at the address below:

Corner Fuel and Harmony Road, Johannesburg

3. Condition of the scrap

The purpose this invitation is to invite companies dealing with scrap to make an offer for the purchase of scrap buses and scrap metal items.

Burnt Buses – the burnt buses are totally burnt out; remaining are the frame and other steel element of the buses are remaining.

Accident Buses – the level of damage with regards to accident buses varies, however most of the buses still has the body, chassis, and seats to mention a few.

Other Scrap Metals – Items are used bus components (Ferrous & Nonferrous Metals)

The company whose offer is accepted will be required to:

- To collect and move the scrap buses which may involve cutting and / or compressing the scrap buses, utilizing their own tools and transport
- Collect Oil Filters, Air Filters, Bus Radiators and Bus Brake Drums
- Transport the scrap to Way-Bridge accompanied by an Autopax employee/ representative.
- Once the weighing is completed the Autopax employee will be provide with a receipt which will be used for invoicing purposes.,
- Autopax will invoice the Bidder according to the offer amount and quantity on the receipt, payment must be done with immediate effect into Autopax bank account.

4. Compliance requirements

- Submit proof of affiliation with (MRA) Metal Recyclers Association or any accredited association in the recycling industry.
- The bidders must submit a certificate of safe disposal (submit a copy together with the RFQ doc) because oil filters will contain some oil as they are kept in drums.
- Section 8 Certificate of attendance of compulsory RFQ Briefing must be signed by an Autopax delegate on the briefing venue and day
