2.2.13 Information and data to be completed in all respects

Accept that tender offers, which do not provide all the data or information requested completely and in the form required, may be regarded by the CCT as non-responsive.

2.2.14 Closing time

2.2.14.1 Ensure that the CCT receives the tender offer at the address specified in the General Tender Information prior to the closing time stated on the front page of the tender document.

2.2.14.2 Accept that, if the CCT extends the closing time stated on the front page of the tender document for any reason, the requirements of these Conditions of Tender apply equally to the extended deadline.

2.2.14.3 Accept that, the CCT shall not consider tenders that are received after the closing date and time for such a tender (late tenders).

2.2.15 Tender offer validity and withdrawal of tenders

2.2.15.2 Notwithstanding the period stated above, bids shall remain valid for acceptance for a period of twelve (12) months after the expiry of the original validity period, unless the City is notified in writing of anything to the contrary by the bidder. The validity of bids may be further extended by a period of not more than six months subject to mutual agreement and administrative processes and upon approval by the City Manager.

2.2.15.3 A tenderer may request in writing, after the closing date, that the tender offer be withdrawn. Such withdrawal will be permitted or refused at the sole discretion of the CCT after consideration of the reasons for the withdrawal, which shall be fully set out by the tenderer in such written request for withdrawal. Should the tender offer be withdrawn in contravention hereof, the tenderer agrees that:

- a) it shall be liable to the CCT for any additional expense incurred or losses suffered by the CCT in having either to accept another tender or, if new tenders have to be invited, the additional expenses incurred or losses suffered by the invitation of new tenders and the subsequent acceptance of any other tender;
- b) the CCT shall also have the right to recover such additional expenses or losses by set-off against monies which may be due or become due to the tenderer under this or any other tender or contract or against any guarantee or deposit that may have been furnished by the tenderer or on its behalf for the due fulfilment of this or any other tender or contract. Pending the ascertainment of the amount of such additional expenses or losses, the CCT shall be entitled to retain such monies, guarantee or deposit as security for any such expenses or loss.

2.2.16 Clarification of tender offer, or additional information, after submission

Provide clarification of a tender offer, or additional information, in response to a written request to do so from the CCT during the evaluation of tender offers within the time period stated in such request. No change in the competitive position of tenderers or substance of the tender offer is sought, offered, or permitted.

Note: This clause does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the CCT elect to do so.

Failure, or refusal, to provide such clarification or additional information within the time for submission stated in the CCT's written request may render the tender non-responsive.

2.2.17 Provide other material

2.2.17.1 Provide, on request by the CCT, any other material that has a bearing on the tender offer, the tenderer's commercial position (including joint venture agreements), preferencing arrangements, or samples of materials, considered necessary by the CCT for the purpose of the evaluation of the tender. Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the CCT's request, the CCT may regard the tender offer as non-responsive.

2.2.17.2 Provide, on written request by the CCT, where the transaction value inclusive of VAT **exceeds R 10 million**:

- a) audited annual financial statement for the past 3 years, or for the period since establishment if established during the past 3 years, if required by law to prepare annual financial statements for auditing;

- d) a statement indicating whether any portion of the goods or services are expected to be sourced from outside the Republic, and, if so, what portion and whether any portion of payment from the municipality or municipal entity is expected to be transferred out of the Republic.

Each party to a Consortium/Joint Venture shall submit separate certificates/statements in the above regard.

2.2.17.3 Tenderers undertake to fully cooperate with the CCT's external service provider appointed to perform a due diligence review and risk assessment upon receipt of such written instruction from the CCT.

2.2.18 Samples, Inspections, tests and analysis

Provide access during working hours to premises for inspections, tests and analysis as provided for in the tender conditions or specifications.

If the **Specification** requires the tenderer to provide samples, these shall be provided strictly in accordance with the instructions set out in the Specification.

If such samples are not submitted as required in the bid documents or within any further time stipulated by the CCT in writing, then the bid concerned may be declared non-responsive.

The samples provided by all successful bidders will be retained by the CCT for the duration of any subsequent contract. Bidders are to note that samples are requested for testing purposes therefore samples submitted to the CCT may not in all instances be returned in the same state of supply and in other instances may not be returned at all. Unsuccessful bidders will be advised by the Project Manager or dedicated CCT Official to collect their samples, save in the aforementioned instances where the samples would not be returned.

2.2.19 Certificates

The tenderer must provide the CCT with all certificates as stated below:

2.2.19.1 Broad-Based Black Economic Empowerment Status Level Documentation

In order to qualify for preference points, it is the responsibility of the tenderer to submit documentary proof, either as certificates, sworn affidavits or any other requirement prescribed in terms of the B-BBEE Act, of its B-BBEE status level of contribution in accordance with the applicable Codes of good practise as issued by the Department of Trade and Industry, to the CCT at the Supplier Management Unit located within the Supplier Management / Registration Office, 2nd Floor (Concourse Level), Civic Centre, 12 Hertzog Boulevard, Cape Town (Tel 021 400 9242/3/4/5) or included with the tender submission.

Consortiums/Joint Ventures will qualify for preference points, provided that the **entity** submits the relevant certificate/scorecard in accordance with the applicable codes of good practise. Note that, in the case of unincorporated entities, a verified consolidated B-BBEE scorecard must be submitted in the form of a certificate with the tender.

Tenderers are further referred to the content of the **Preference Schedule** for the full terms and conditions applicable to the awarding of preference points.

The applicable code for this tender is the **Amended Codes of Good Practise (Generic Scorecard)** unless in possession of a valid sector certificate.

The tenderer shall indicate in Section 4 of the **Preference Schedule** the Level of Contribution in respect of the enterprise status or structure of the tendering entity (the supplier).

2.2.19.2 Evidence of tax compliance

Tenderers shall be registered with the South African Revenue Service (SARS) and their tax affairs must be in order and they must be tax compliant subject to the requirements of clause 2.2.1.1.2.h. In this regard, it is the responsibility of the Tenderer to submit evidence in the form of a valid Tax Clearance Certificate issued by SARS to the CCT at the Supplier Management Unit located within the Supplier Management / Registration Office, 2nd Floor (Concourse Level), Civic Centre, 12 Hertzog Boulevard, Cape Town (Tel 021 400 9242/3/4/5), or included with this tender. The tenderer must also provide its Tax Compliance Status PIN number on the **Details of Tenderer** pages of the tender submission.

Each party to a Consortium/Joint Venture shall submit a separate Tax Clearance Certificate.

Before making an award the City must verify the bidder's tax compliance status. Where the recommended bidder is not tax compliant, the bidder should be notified of the non-compliant status and be requested to submit to the City, within 7 working days, written proof from SARS that they have made arrangement to meet their outstanding tax obligations. The proof of tax compliance submitted by the bidder must be verified by the City via CSD or e-Filing. The City should reject a bid submitted by the bidder if such bidder fails to provide proof of tax compliance within the timeframe stated herein.

Only foreign suppliers who have answered "NO" to all the questions contained in the Questionnaire to Bidding Foreign Suppliers section on the **Details of Tenderer** pages of the tender submission, are not required to register for a tax compliance status with SARS.

2.2.20 Compliance with Occupational Health and Safety Act, 85 of 1993

Tenderers are to note the requirements of the Occupational Health and Safety Act, 85 of 1993. The Tenderer shall be deemed to have read and fully understood the requirements of the above Act and Regulations and to have allowed for all costs in compliance therewith.

In this regard the Tenderer shall submit **upon written request to do so by the CCT**, a Health and Safety Plan in sufficient detail to demonstrate the necessary competencies and resources to deliver the goods or services all in accordance with the Act, Regulations and Health and Safety Specification.

2.2.21 Claims arising from submission of tender

The tenderer warrants that it has:

- a) inspected the Specifications and read and fully understood the Conditions of Contract.
- b) read and fully understood the whole text of the Specifications and Pricing Schedule and thoroughly acquainted himself with the nature of the goods or services proposed and generally of all matters which may influence the Contract.
- c) visited the site(s) where delivery of the proposed goods will take place, carefully examined existing conditions, the means of access to the site(s), the conditions under which the delivery is to be made, and acquainted himself with any limitations or restrictions that may be imposed by the Municipal or other Authorities in regard to access and transport of materials, plant and equipment to and from the site(s) and made the necessary provisions for any additional costs involved thereby.
- d) requested the CCT to clarify the actual requirements of anything in the Specifications and Pricing Schedule, the exact meaning or interpretation of which is not clearly intelligible to the Tenderer.
- e) received any notices to the tender documents which have been issued in accordance with the CCT's Supply Chain Management Policy.

The CCT will therefore not be liable for the payment of any extra costs or claims arising from the submission of the tender.

2.3 The CCT's undertakings

2.3.1 Respond to requests from the tenderer

2.3.1.1 Unless otherwise stated in the Tender Conditions, respond to a request for clarification received up to one week (where possible) before the tender closing time stated on the front page of the tender document.

2.3.1.2 The CCT's representative for the purpose of this tender is stated on the General Tender Information page.

2.3.2 Issue Notices

If necessary, issue addenda in writing that may amend or amplify the tender documents to each tenderer during the period from the date the tender documents are available until one week before the tender closing time stated in the Tender Data. The Employer reserves its rights to issue addenda less than one week before the tender closing time in exceptional circumstances. If, as a result a tenderer applies for an extension to the closing time stated on the front page of the tender document, the CCT may grant such extension and, shall then notify all tenderers who drew documents.

Notwithstanding any requests for confirmation of receipt of notices issued, the tenderer shall be deemed to have received such notices if the CCT can show proof of transmission thereof via electronic mail, facsimile or registered post.

2.3.3 Opening of tender submissions

2.3.3.1 Unless the two-envelope system is to be followed, open tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the tender conditions.

Tenders will be opened immediately after the closing time for receipt of tenders as stated on the front page of the tender document, or as stated in any Notice extending the closing date and at the closing venue as stated in the General Tender Information.

2.3.3.2 Announce at the meeting held immediately after the opening of tender submissions, at the closing venue as stated in the General Tender Information, the name of each tenderer whose tender offer is opened and, where possible, the prices and the preferences indicated.

2.3.3.3 Make available a record of the details announced at the tender opening meeting on the CCT's website (<http://www.capetown.gov.za/en/SupplyChainManagement/Pages/default.aspx>.)

2.3.4 Two-envelope system

2.3.4.1 Where stated in the tender conditions that a two-envelope system is to be followed, open only the technical proposal of tenders in the presence of tenderers' agents who choose to attend at the time and place stated in the tender conditions and announce the name of each tenderer whose technical proposal is opened.

2.3.4.2 Evaluate the quality of the technical proposals offered by tenderers, then advise tenderers who have submitted responsive technical proposals of the time and place when the financial proposals will be opened. Open only the financial proposals of tenderers, who have submitted responsive technical proposals in accordance with the requirements as stated in the tender conditions, and announce the total price and any preferences claimed. Return unopened financial proposals to tenderers whose technical proposals were non responsive.

2.3.5 Non-disclosure

Not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

2.3.6 Grounds for rejection and disqualification

Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

2.3.7 Test for responsiveness

2.3.7.1 Appoint a Bid Evaluation Committee and determine after opening whether each tender offer properly received:

- a) complies with the requirements of these Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

2.3.7.2 A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the CCT's opinion, would:

- a) detrimentally affect the scope, quality, or performance of the goods, services or supply identified in the Specifications,
- b) significantly change the CCT's or the tenderer's risks and responsibilities under the contract, or
- c) affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of any material deviation or qualification.

The CCT reserves the right to accept a tender offer which does not, in the CCT's opinion, materially and/or substantially deviate from the terms, conditions, and specifications of the tender documents.

2.3.8 Arithmetical errors, omissions and discrepancies

2.3.8.1 Check the responsive tenders for:

- a) the gross misplacement of the decimal point in any unit rate;
- b) omissions made in completing the Pricing Schedule; or
- c) arithmetic errors in:
 - i) line item totals resulting from the product of a unit rate and a quantity in the Pricing Schedule; or
 - ii) the summation of the prices; or
 - iii) calculation of individual rates.

2.3.8.2 The CCT must correct the arithmetical errors in the following manner:

- a) Where there is a discrepancy between the amounts in words and amounts in figures, the amount in words shall govern.
- b) If pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as tendered shall govern, and the unit rate shall be corrected.
- c) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if Pricing Schedules apply) to achieve the tendered total of the prices.

Consider the rejection of a tender offer if the tenderer does not correct or accept the correction of the arithmetical error in the manner described above.

2.3.8.3 In the event of tendered rates or lump sums being declared by the CCT to be unacceptable to it because they are not priced, either excessively low or high, or not in proper balance with other rates or lump sums, the tenderer may be required to produce evidence and advance arguments in support of the tendered rates or lump sums objected to. If, after submission of such evidence and any further evidence requested, the CCT is still not satisfied with the tendered rates or lump sums objected to, it may request the tenderer to amend these rates and lump sums along the lines indicated by it.

The tenderer will then have the option to alter and/or amend the rates and lump sums objected to and such other related amounts as are agreed on by the CCT, but this shall be done without altering the tender offer in accordance with this clause.

Should the tenderer fail to amend his tender in a manner acceptable to and within the time stated by the CCT, the CCT may declare the tender as non-responsive.

2.3.9 Clarification of a tender offer

The CCT may, after the closing date, request additional information or clarification from tenderers, in writing on any matter affecting the evaluation of the tender offer or that could give rise to ambiguity in a contract arising from the tender offer, which written request and related response shall not change or affect their competitive position or the substance of their offer. Such request may only be made in writing by the Director: Supply Chain Management using any means as appropriate.

2.3.10 Evaluation of tender offers

2.3.10.1 General

2.3.10.1.1 Reduce each responsive tender offer to a comparative price and evaluate them using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the tender conditions.

2.3.10.1.2 For evaluation purposes only, the effects of the relevant contract price adjustment methods will be considered in the determination of comparative prices as follows:

- a. If the selected method is based on bidders supplying rates or percentages for outer years, comparative prices would be determined over the entire contract period based on such rates or percentages.
- b. If the selected method is based on a formula, indices, coefficients, etc. that is the same for all bidders during the contract period, comparative prices would be the prices as tendered for year one.
- c. If the selected method is based on a formula, indices, coefficients, etc. that varies between bidders, comparative prices would be determined over the entire contract period based on published indices relevant during the 12 months prior to the closing date of tenders.
- d. If the selected method includes an imported content requiring rate of exchange variation, comparative prices would be determined based on the exchange rates tendered for the prices as tendered for year one. The rand equivalent of the applicable currency 14 days prior to the closing date of tender will be used (the CCT will check all quoted rates against those supplied by its own bank).
- e. If the selected method is based on suppliers' price lists, comparative prices would be the prices as tendered for year one.
- f. If the selected method is based on suppliers' price lists and / or rate of exchange, comparative prices would be determined as tendered for year one whilst taking into account the tendered percentage subject to rate of exchange (see sub clause (d) for details on the calculation of the rate of exchange).

2.3.10.1.3 Where the scoring of functionality forms part of a bid process, each member of the Bid Evaluation Committee must individually score functionality. The individual scores must then be interrogated and calibrated if required where there are significant discrepancies. The individual scores must then be added together and averaged to determine the final score.

2.3.10.2 Decimal places

Score financial offers, preferences and functionality, as relevant, to two decimal places.

2.3.10.3 Scoring of tenders (price and preference)

2.3.10.3.1 Points for price will be allocated in accordance with the formula set out in this clause based on the sum of the total rate for Sections A, B and C which are calculated in Section D as set out in the **Pricing Schedule (Part 5)**:

2.3.10.3.2 Points for preference will be allocated in accordance with the provisions of **Preference Schedule** and the table in this clause.

2.3.10.3.3 The terms and conditions of **Preference Schedule** as it relates to preference shall apply in all respects to the tender evaluation process and any subsequent contract.

2.3.10.3.4 Applicable formula:

The 90/10 price/preference points system will be applied to the evaluation of responsive tenders over a Rand value of R50'000'000 (all applicable taxes included), whereby the order(s) will be placed with the tenderer(s) scoring the highest total number of adjudication points.

Price shall be scored as follows:

$$Ps = 90 \times \frac{(1 - (Pt - Pmin))}{Pmin}$$

Where: Ps is the number of points scored for price;
Pt is the price of the tender under consideration;
Pmin is the price of the lowest responsive tender.

Preference points shall be scored as follows:

Points will be awarded to tenderers who are eligible for preferences in respect of the B-BBEE level of contributor attained in terms of **Preference Schedule**.

A maximum of 10 tender adjudication points will be awarded for preference to tenderers with responsive tenders who are eligible for such preference, in accordance with the criteria listed below.

Up to **10** adjudication points (N_P) will be awarded for the level of B-BBEE contribution, in accordance with the tables below:

B-BBEE Status Level of Contributor	Number of Points for Preference
1	10
2	9
3	6
4	5
5	4
6	3
7	2
8	1
Non-compliant contributor	0

A non-compliant contributor is one who does not meet the minimum score for a level 8 contributor.

or, in respect of Exempted Micro Enterprises (EMEs):

Black Ownership of EME	Deemed Status Contributor	B-BBEE Level of Contributor	Number of Points for Preference
less than 51%	4		5
at least 51% but less than 100%	2		9
100%	1		10

or, in respect of Qualifying Small Enterprises (QSEs):

Black Ownership of QSE	Deemed Status Contributor	B-BBEE Level of Contributor	Number of Points for Preference
at least 51% but less than 100%	2		9
100%	1		10

The total number of adjudication points (N_T) shall be calculated as follows:

$$N_T = P_S + N_P$$

Where: P_s is the number of points scored for price;
N_p is the number of points scored for preference.

The terms and conditions of the **Preference Schedule** shall apply in all respects to the tender evaluation process and any subsequent contract.

2.3.10.5 Risk Analysis

Notwithstanding compliance with regard to any requirements of the tender, the CCT will perform a risk analysis in respect of the following:

- a) reasonableness of the financial offer
- b) reasonableness of unit rates and prices
- c) the tenderer's ability to fulfil its obligations in terms of the tender document, that is, that the tenderer can demonstrate that he/she possesses the necessary professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, capacity, experience, reputation, personnel to perform the contract, etc.; the CCT reserves the right to consider a tenderer's existing contracts with the CCT in this regard
- d) any other matter relating to the submitted bid, the tendering entity, matters of compliance, verification of submitted information and documents, etc.

The conclusions drawn from this risk analysis will be used by the CCT in determining the acceptability of the tender offer.

No tenderer will be recommended for an award unless the tenderer has demonstrated to the satisfaction of the CCT that he/she has the resources and skills required.

2.3.11 Negotiations with preferred tenderers

The CCT may negotiate the final terms of a contract with tenderers identified through a competitive tendering process as preferred tenderers provided that such negotiation:

- a) does not allow any preferred tenderer a second or unfair opportunity;
- b) is not to the detriment of any other tenderer; and
- c) does not lead to a higher price than the tender as submitted.

If negotiations fail to result in acceptable contract terms, the City Manager (or his delegated authority) may terminate the negotiations and cancel the tender, or invite the next ranked tenderer for negotiations. The original preferred tenderer should be informed of the reasons for termination of the negotiations. If the decision is to invite the next highest ranked tenderer for negotiations, the failed earlier negotiations may not be reopened by the CCT.

Minutes of any such negotiations shall be kept for record purposes.

The provisions of this clause will be equally applicable to any invitation to negotiate with any other tenderers.

In terms of the PPPFA Regulations, 2017, tenders must be cancelled in the event that negotiations fail to achieve a market related price with any of the three highest scoring tenderers.

2.3.12 Acceptance of tender offer

Notwithstanding any other provisions contained in the tender document, the CCT reserves the right to:

2.3.12.1 Accept a tender offer(s) which does not, in the CCT's opinion, materially and/or substantially deviate from the terms, conditions, and specifications of the tender document.

2.3.12.2 Accept the whole tender or part of a tender or any item or part of any item or items from multiple manufacturers, or to accept more than one tender (in the event of a number of items being offered), and the CCT is not obliged to accept the lowest or any tender.

2.3.12.3 Accept the tender offer(s), if in the opinion of the CCT, it does not present any material risk and only if the tenderer(s)::

- a) is not under restrictions, has any principals who are under restrictions, or is not currently a supplier to whom notice has been served for abuse of the supply chain management system, preventing participation in the employer's procurement,
- b) can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise and the personnel, to perform the contract,c) has the legal capacity to enter into the contract,
- d) is not insolvent, in receivership, under Business Rescue as provided for in chapter 6 of the Companies Act, 2008, bankrupt or being wound up, has his affairs administered by a court or a judicial officer, has suspended his business activities, or is subject to legal proceedings in respect of any of the foregoing,complies with the legal requirements, if any, stated in the tender data, and
- e) is able, in the opinion of the employer, to perform the contract free of conflicts of interest.

If an award cannot be made in terms of anything contained herein, the Employer reserves the right to consider the next ranked tenderer(s).

2.3.12.4 Not to make an award, or revoke an award already made, where the implementation of the contract may result in reputational risk or harm to the City as a result of (inter alia):

- a) reports of poor governance and/or unethical behaviour;
- b) association with known family of notorious individuals;
- c) poor performance issues, known to the City;
- d) negative social media reports; and
- e) adverse assurance (e.g. due diligence) report outcomes.

2.3.12.5 The CCT reserves the right to nominate an alternative bidder at the time when an award is made and in the event that a contract is terminated during the execution thereof, the CCT may consider the award of the contract, or non-award, to the alternative bidder in terms of the procedures included its SCM Policy.

2.3.13 Prepare contract documents

2.3.13.1 If necessary, revise documents that shall form part of the contract and that were issued by the CCT as part of the tender documents to take account of:

- a) notices issued during the tender period,
- b) inclusion of some of the returnable documents, and
- c) other revisions agreed between the CCT and the successful tenderer.

2.3.13.2 Complete the schedule of deviations attached to the form of offer and acceptance, if any.

2.3.14 Notice to successful and unsuccessful tenderers

2.3.14.1 Before accepting the tender of the successful tenderer the CCT shall notify the successful tenderer in writing of the decision of the CCT's Bid Adjudication Committee to award the tender to the successful tenderer. No rights shall accrue to the successful tenderer in terms of this notice

2.3.14.2 The CCT shall, at the same time as notifying the successful tenderer of the Bid Adjudication Committee's decision to award the tender to the successful tenderer, also give written notice to the other tenderers informing them that they have been unsuccessful.

2.3.15 Provide written reasons for actions taken

Provide upon request written reasons to tenderers for any action that is taken in applying these Conditions of Tender, but withhold information which is not in the public interest to be divulged, which is considered to prejudice the legitimate commercial interests of tenderers or might prejudice fair competition between tenderers.

- 2) not sub-contract more than 25% of the value of the contract to sub-contractors that do not have an equal or higher B-BBEE status level of contributor than the supplier, unless the intended sub-contractors are exempted micro enterprises that have the capability and ability to execute the sub-contract works or unless otherwise declared in terms of Section 5 below;
- 3) accept that a contract may not be awarded if the price offered is not market related;
- 4) accept the sanctions set out in Section 3 below should Condition 2(2) be breached, or should the tenderer have submitted any false information regarding its B-BBEE status level of contributor, local production and content, or any other matter required in terms of this bid that will affect, or has affected the bid evaluation;
- 5) accept that, in order to qualify for preference points, it is the responsibility of the supplier to submit documentary proof of its BBEE level of contribution in accordance with the Codes of Good Practise, 2013, to the CCT at the Supplier Management Unit located within the Tender Distribution Office, 2nd Floor (Concourse Level), Civic Centre, 12 Hertzog Boulevard, Cape Town (Tel 021 400 9242/3/4/5);

Schedule 8: Contract Price Adjustment and/or Rate of Exchange Variation

- 8.1 The Contract Price Adjustment mechanism and/or provisions relating to Rate of Exchange Variation, contained in this schedule is compulsory and binding on all tenderers
- 8.2 Failure to complete this schedule or any part thereof may result in the tender offer being declared non-responsive.
- 8.3 Tenderers are not permitted to amend, vary, alter or delete this schedule or any part thereof unless otherwise stated in this schedule, failing which the tender offer shall be declared non-responsive.
- 8.4 Tenderers are not permitted to offer firm prices except as provided for in the Pricing Schedule, and if the tenderer offers firm prices in contravention of this clause the tender offer shall be declared non-responsive.
- 8.5 Any claim for an increase in the Contract price shall be submitted in writing to the: Director Supply Chain Management, City of Cape Town, P O Box 655, Cape Town, 8000 or by email to: CPA.Request@capetown.gov.za and Kagisho.Mihi@capetown.gov.za. **prior to the month upon which the price adjustment would become effective.**
- 8.6 The CCT reserves the right to withhold payment of any claim for contract price adjustment while only provisional figures are available and until the final (revised) figures are issued by the relevant authority.
- 8.7 When submitting a claim for contract price adjustment a supplier shall indicate the actual amount claimed for each item. A mere notification of a claim for contract price adjustment without stating the new price claimed for each item shall, for the purpose of this clause, not be regarded as a valid claim.
- 8.8 The CCT reserves the right to request the supplier to submit auditor's certificates or such other documentary proof as it may require in order to verify a claim for contract price adjustment. Should the supplier fail to submit such auditor's certificates or other documentary proof to the CCT within a period of 30 (thirty) days from the date of the request, it shall be presumed that the supplier has abandoned his claim.
- 8.9 The effective date of any price increases granted will be the date on which the abovementioned documentation/claim is submitted or, by agreement between the Contractor and the City, a subsequent date on which the price increase will be effective.
- 8.10 In instances where the Contractor's price claimed is less than entitled, the lesser price will be accepted.
- 8.11 The CCT reserves the right to apply the indices available at the date of the claim submitted by the Contractor.
- 8.12 **Price Adjustment Mechanism:**
- 8.12.1 The Contract Price as per GCC shall remain **Firm** for the first 12 months (from date of closure of tender) and no claims for contract price adjustment will be considered for the first 12 months subject to the provisions in the Pricing Schedule.
- 8.12.2 Subject to 8.12.1. Above, Contract Price Adjustment will be applicable as from commencement of the 13 month of the contract period. Tenderers shall be entitled to claim contract price adjustment as follows:
- 8.12.2.1 **Salary of Operations Co-ordinator / Contract lead / Operations manager/ Supervisor/Foreman and Non-salaried related Operational Costs (Section A, B2, B3 and C of the Pricing Schedule):**
- The tendered price will be subject to adjustment **annually** based on the **average** Consumer Price Index (CPI) as follows:
- From start of 13th month to the end of the 24th month:** Subject to contract price adjustment in accordance with the **Consumer Price Index (P0141-Table B). Base month** for the price adjustment shall be two (2) calendar months prior to the date of commencement. The **end month** shall be two (2) calendar months prior to the 12th month.

From start of 25th month to end of the contract: Subject to the contract price adjustment in accordance with the **Consumer Price Index (P0141-Table B)**. **Base month** for the price adjustment shall be two (2) calendar months prior to the 13th month. The **end month** shall be two (2) calendar months prior to 24th month.

The **average CPI** calculated, the base month to the end month (both included) divided by the number of months.

The claim will be based on the **average** between the “base month” and the “end month” e.g.: $7+6+9+6 = 28$ $(28/4) = 7$ therefore the claim will be 7%.

8.12.2.2 **10%** of the rate will remain fixed.

8.13 **Salaries of Workers (Section B1):**

The labour components (Workers salaries) of the tendered price will be adjusted annually based on the wage determination as per the Department of Labour applicable at the date of escalation. The year on year % increase published in the Government Gazette relevant to the Cleaning Sector will thus be applied to the wages for the workers.

8.14 The basic minimum wages must be met for workers as Per Sectorial Determination 1: Contract Cleaning Sector, Department of Labour. Should the minimum wage rate change between the date of advertising the tender and the closure date of the tender, the latest applicable rate must be used as the latest rate will be used as the assessment criteria.

- 20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

21. Delays in the supplier's performance

- 21.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.
- 21.2 If at any time during the performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his or her discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.
- 21.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.
- 21.4 The right is reserved to procure, outside of the contract, small quantities of supplies; or to have minor essential services executed if an emergency arises, or the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.
- 21.5 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.
- 21.6 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without cancelling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and, without prejudice to his other rights, be entitled to claim damages from the supplier.

22. Penalties

- 22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services, using the current prime interest rate, calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

23. Termination for default

- 23.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:
- (a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;
 - (b) if the supplier fails to perform any other obligation(s) under the contract; or
 - (c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.
- 23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

- 23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.
- 23.4 If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than 14 (fourteen) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated 14 (fourteen) days the purchaser may regard the intended penalty as not objected against and may impose it on the supplier.
- 23.5 Any restriction imposed on any person by the Accounting Officer/Authority will, at the discretion of the Accounting Officer/Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person is or was, in the opinion of the Accounting Officer/Authority, actively associated.
- 23.6 If a restriction is imposed, the purchaser must, within 5 (five) working days of such imposition, furnish the National Treasury with the following information:
- (i) the name and address of the supplier and/or person restricted by the purchaser;
 - (ii) the date of commencement of the restriction;
 - (iii) the period of restriction; and
 - (iv) the reasons for the restriction.

These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.

- 23.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, Act 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period of not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction, and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

24. Anti-dumping and countervailing duties and rights

- 24.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidised import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall, on demand, be paid forthwith by the contractor to the State, or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he or she delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him or her.

25. Force majeure

- 25.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if, and to the extent that, his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.
- 25.2 If a force majeure situation arises, the supplier shall notify the purchaser promptly, in writing, of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

26. Termination for insolvency

26.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

27. Settlement of Disputes

27.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve such dispute or difference amicably, by mutual consultation.

27.2 If, after 30 (thirty) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.

27.3 Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.

27.4 Mediation proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.

27.5 Notwithstanding any reference to mediation and/or court proceedings herein,

- (a) the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and
- (b) the purchaser shall pay the supplier any monies due to the supplier.

28. Limitation of Liability

28.1 Except in cases of criminal negligence or wilful misconduct, and in the case of infringement pursuant to Clause 6:

- (a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and
- (b) the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.

29. Governing language

29.1 The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.

30. Applicable Law

30.1 The contract shall be interpreted in accordance with South African laws, unless otherwise specified in the SCC.

31. Notices

31.1 Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail, and any other notice to him shall be posted by ordinary mail, to the address furnished in his bid or to the address notified later by him in writing; and such posting shall be deemed to be proper service of such notice.

31.2 The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.

32. Taxes and Duties

- 32.1 A foreign supplier shall be entirely responsible for all taxes, stamp duties, licence fees, and other such levies imposed outside the purchaser's country.
- 32.2 A local supplier shall be entirely responsible for all taxes, duties, licence fees, etc., incurred until delivery of the contracted goods to the purchaser.
- 32.3 No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid the Department must be in possession of a tax clearance certificate submitted by the bidder. This certificate must be an original issued by the South African Revenue Services.

33. National Industrial Participation (NIP) Programme

- 33.1 The NIP Programme administered by the Department of Trade and Industry shall be applicable to all contracts that are subject to the NIP obligation.

34 Prohibition of Restrictive practices

- 34.1 In terms of section 4 (1) (b) (iii) of the Competition Act, Act 89 of 1998, as amended, an agreement between or concerted practice by firms, or a decision by an association of firms, is prohibited if it is between parties in a horizontal relationship and if a bidder(s) is/are or a contractor(s) was/were involved in collusive bidding (or bid rigging).
- 34.2 If a bidder(s) or contractor(s), based on reasonable grounds or evidence obtained by the purchaser, has/have engaged in the restrictive practice referred to above, the purchaser may refer the matter to the Competition Commission for investigation and possible imposition of administrative penalties as contemplated in the Competition Act, Act 89 of 1998.
- 34.3 If a bidder(s) or contractor(s) has/have been found guilty by the Competition Commission of the restrictive practice referred to above, the purchaser may, in addition and without prejudice to any other remedy provided for, invalidate the bid(s) for such item(s) offered, and/or terminate the contract in whole or part, and/or restrict the bidder(s) or contractor(s) from conducting business with the public sector for a period not exceeding 10 (ten) years and/or claim damages from the bidder(s) or contractor(s) concerned.

For: _____ (Supplier's Insurance Broker)

(13) SPECIFICATION(S)**1. PURPOSE**

- To provide employment opportunities to members of the public in accordance with CCT's Employment Policies through waste management cleansing services.
- To provide reliable waste management cleansing services for various programmes.

The waste management cleansing services are required within areas North, East, Central and South. See Attached Map Annexure B. Staff will be required to work various 8 hrs shifts from Monday to Friday, including weekday public holidays.

2 INTRODUCTION

This tender provides the opportunity to provide a holistic waste management cleansing service to various suburbs/wards as contractors to the City of Cape Town (CCT), whilst utilizing local labour from the specific areas they reside in. Staff will be required to work across boundaries when the need arises.

Contractors will be required to achieve acceptable standards of cleanliness and will be monitored according to these pre-defined standards. Failure to achieve these standards will result in penalties imposed on the contractor. CCT representatives will monitor and score the contractors performance on a weekly basis.

3. DESCRIPTION OF SERVICE

3.1 Street sweeping (litter and sand removal), litter picking, litter bin servicing and litter bin installations, beach cleaning, removal of all illegal dumping other than builder's rubble and cleaning of all public open spaces in the entire suburb, including the surrounding roads, verges and open land where the CCT is responsible for cleaning. The only exclusions to the above, unless indicated otherwise, are the roads and verges of the N1, N2, R300 and N7, which are all Provincial roads.

3.2. It is required that, should illegal dumping consist of mixed waste (i.e. domestic, garden & builder's rubble), any waste that is not builders' rubble be bagged.

3.3 Should the contracted workers, supervisors and foreman encounter any community unrest/ protest action, they must evacuate staff from the area to a safe location and the CCT representative must be contacted immediately and informed of the situation and any possible impact on service delivery.

3.4 DUTIES OF THE CONTRACTOR**3.4.1 Duties of the Contractor who has been awarded the tender**

The Contractor is singularly accountable and responsible for his/her own activities and the activities of his/her workers, supervisors and foreman. The Contractor will appoint his/her staff as described hereunder.

The foreman will be appointed at the Contractor's discretion and do not have to reside in the formal suburb being serviced. Foreman must have valid driver's licences (minimum Code EB). Certified copies of such licences must be provided once the tender is in operation.

Workers and supervisors will be appointed from various Suburbs where the staff will be required to render services but are not limited to work in these suburbs. Staff will be required to work across boundaries when the need arises. Workers and supervisors will perform the same functions in terms of area cleaning. The supervisors are responsible for ensuring his/her teams complete the designated functions set out for the day.

3.4.2 The appointments must be undertaken as follows:

The Contractor will be required to employ all workers and supervisors utilizing the method applicable and indicated by CCT at the time of employment. Names of workers and supervisors will be obtained from the CCT's Sub-Council Jobseekers databases. The recruitment and selection process will involve obtaining more names than the number of workers and supervisors required and conducting an interview process. The contractor will appoint workers and supervisors from the names provided by the Sub-Council. The names and contact details of the

prospective workers and supervisors not hired once the appointments are finalised must be retained for use when casual staff are required. Any costs involved with the selection and appointment process, e.g. hire of a venue to interview candidates, will be for the cost of the Contractor. Where possible, the Contractor must utilize CCT facilities in or near the area to be serviced. It must be noted that all planning and appointment of staff must take place post award and prior to the implementation date of this tender. Workers and supervisors must be employed for the full project period.

The Contractor must also ensure that “casual” workers and supervisors are appointed to fill the gap when workers are on leave, absent etc. Casual workers and supervisors may also be required for special interventions.

3.4.3 Supervision and Control of Workers and Supervisors

The workers and supervisors will be required to carry out the duties as detailed in Clause 2.4 below and it will be the Contractor’s responsibility to ensure that these functions are communicated and supervised.

- The Foreman assigned by the Contractor, will be responsible for the supervision of the workers and supervisors.
- Each Contractor shall therefore be expected to clearly communicate with, instruct and explain to each and every Foreman, worker and supervisor exactly what their duties are.
- Each Contractor must then ensure that the instructions are carried out to the required CCT standard in accordance with the Standards of Cleanliness.
- Each Contractor is therefore responsible to the CCT for his/her own and the workers, supervisors and foreman’s results. It is a requirement that the Contractor or his/her nominated and approved representative will accompany the CCT representative(s) on all weekly inspections and sign off the inspection reports. It is a requirement that every suburb is inspected every week. A penalty of R350-00 will be deducted from the total monthly invoice for every incident of a missed inspection.

3.4.4. Distribution and control of Refuse Bags

- Each Contractor will be required to collect their plastic bags from the Solid Waste Management Cleansing Depots according to an approved collection schedule and must retain the delivery notes received as they need to be attached to the monthly invoices. All refuse bags are uniquely marked to ensure proper control of refuse bags.
- Each Contractor will be allocated a unique code which will be visible on the refuse bags. Refuse bags will be issued according to each areas’ service requirements. When the contracted foreman issues the daily refuse bags to the workers and supervisors, they must be issued in the correct quantities for that day and each person must sign for the receipt of the refuse bags and return refuse bags not utilised for the day. It is vital that the contracted foreman reconciles all issued and returned refuse bags by the workers and supervisors, so as to ensure that they are accounted for at any given time. Refuse bag control sheets will be utilised to record all refuse bags issued and returned per day.

The Contractor acknowledges responsibility for the control and distribution of bags issued to him/her/it by the CCT. The contractor undertakes that he/she will not under any circumstances dispose of bags issued to him/her other than for use by its employees in the course of work done in terms of the contract, or permit such bags to be sold to retail outlets or to the general public. The contractor acknowledges that should bags issued, be found for sale as stated, the contractor will be held responsible therefore by the CCT and penalised at the rate of R25 per bag, deducted from the subsequent invoice of the contractor thereafter. The contractor furthermore acknowledges that besides imposing the penalty as stated, the CCT may institute criminal proceedings in respect of bags found for sale. Over and above the Contractor being held liable, should any member of his staff be found liable for such losses, it is advisable that the Contractor proceed with criminal charges against such a staff member.

3.4.5 Usage of plastic refuse bags

- Refuse bags are essential for the execution of this tender. These bags are costly and misuse of the bags results in large losses to the CCT. To this effect the following instructions to optimise the use of plastic refuse bags must be complied with:
- When lightweight material is collected (domestic waste, leaves etc.), plastic bags must be totally filled leaving only place to tie a knot at the top.

- When refuse bags are utilised for heavy sand only, two (2) 40 micron bags may be placed inside one another so as to increase the thickness of the bag and it must be filled to at least 4 full scoops of sand.

3.4.6. Removal and Transport of Collected Refuse

The Contractor is responsible for the collection and containerisation of waste as indicated above. Contracted foreman will ensure all waste is securely bagged and knotted. All waste will be temporarily stored at pre-defined collection points where the Cleansing Branch collection vehicles will ensure the loading and disposing thereof. The Cleansing Branch Area representative will communicate the location and frequency of refuse collection points to the Contractor.

3.4.7 Communication

The Contractor will be the link between the Cleansing Branch, all workers, supervisors and foreman and the community and must therefore take note of and comply with all the communication requirements of Clause 3.1.

3.4.8 Record Keeping

The Contractor will be required to submit a full and complete set of Expanded Public Works Programme (EPWP) documentation for workers and supervisors as required (including a payslip) on a monthly basis in the prescribed format as amended from time to time. (see Schedule 14.1) Copies of the following documentation must be submitted to the relevant office:

- The issue of formal legal contracts (even for temporary staff)
- Copy of ID documents for every worker
- The keeping of proof of payments made (individual payslips)

It is important that contractors provide adequately for the cost of copying contracts, ID documents and proof of payment when submitting this tender. Failure to submit full and complete audit documents will result in a penalty of R1 000 per day of late submission following a request to supply the required documentation.

3.4.9. Plan of Action

A detailed Plan of Action must be submitted within the first week of operation. The Cleansing Branch will provide the required service frequencies for each suburb and roads that require a cleaning service.

This will be required to cover aspects such as:

- cleansing strategies and plans, and
- other information that may be required.

Failure to produce this Plan of Action will be considered as a Breach of Contract.

3.4.10. Vehicle Requirements

The Contractor will be required to either own, lease/hire or purchase the stipulated quantity of vehicles required under each area of the tender.

Vehicles older than 7 years will not be considered.

Contractors must provide updated Road Worthy Certificates for all vehicles to be utilised for the Contract before the Contract commences.

The City reserves the right to inspect the above vehicles prior to commencement of the contract and throughout the duration of the Contract.

3.4.11. Duties of the Workers and Supervisors

All workers and supervisors will be appointed by the Contractor and therefore work for, and be answerable to and paid by that Contractor. There will be no formal interaction between the CCT and the workers and supervisors. The CCT will only interact and deal with the Operations Co-ordinator/Contract Lead/Operations Manager and Foreman.

The Workers and Supervisors duties will be as follows:

3.4.11.1 Total Cleansing Service:

The Cleansing service covers all Public Open Areas, which for the purpose of this contract, includes all accesses, walkways, as well as any roads, road reserves, open ground (not privately owned) and other municipal open spaces. It also includes the immediate periphery of the area, i.e. any verge adjoining a man-made road, that road itself and the verge on the opposite side of the road and public open ground which fall under the responsibility of the CCT. This does not include any privately owned property.

All CCT Street Litter bins must be emptied on a regular basis. Defects or defacing stickers, posters on the bin, graffiti etc. must be reported to the CCT representative to enable the Cleansing Branch to replace the bins.

The contractor will also be responsible for the cleaning of canal/river banks and the removal of any litter from the canal/river water that can be reached without stepping into the water and without the use of any special equipment, e.g. dredging machinery. Any refuse in the water that can be reached with the use of a rake when standing on the bank/edge, must be removed.

Any animal carcasses (dogs, cats, goats, sheep, cows, donkeys) are handled separately and the CCT's service provider for animal carcass removal must be phoned for removal. The contact details will be provided to the successful contractors.

In order for this to be done quickly and easily, the Contractor must ensure that extra bags and suitable tools are always available. The following tools must be provided for:

- spades
- broad, hard bristle brooms
- metal rakes

Tools and equipment will need to be replaced as and when necessary to ensure optimal functionality.

So as to be compliant with the Occupational Health and Safety rules, each worker must be provided with the following protective clothing:

- x overalls per year
- 1 x pair of heavy duty gloves every week or as required
- 1 x branded reflective safety vest per year
- 2 x pairs of safety shoes per year
- 1 x Rain suit per year
- 2 x cloth masks per quarter

It is required that the back of the reflective safety vest be branded with the following words: "Company Name', contracted by the City of Cape Town" and must be worn at all times. A sample of this branding must be submitted to the CCT representative for approval prior to the purchasing of the branded protective clothing.

3.4.11.2. Cleansing Specifications

All references to cleansing in this document will imply that when the workers and supervisors have passed an area, there will be no waste of any form or type visible. This in turn implies that in the case of paved surfaces (tar, brick or block paving, concrete, etc.), small and fine waste which cannot be easily picked up by hand, such as sand, grit, gravel, stones, cigarette ends, etc., must be swept and then picked up using appropriate tools (e.g. spade) so as to ensure that all waste has been removed. All illegal dumping excluding builder's rubble is to be cleared.

It is required that, should illegal dumping consist of mixed waste (i.e. domestic, garden & builder's rubble), any waste that is not builders' rubble be bagged.

Note:

Where vehicles are parked in public areas for long periods of time, the Contractor will be expected to communicate with the resident involved, so that cleaning can take place. Should the resident not cooperate the Contractor must advise the CCT Representative who will contact the Traffic department to request their assistance in having the

vehicles removed.

3.4.11.3. Regular Cleaning

Contractor will be required to maintain ALL public areas in a clean state in accordance with the standard as indicated on the photographic tables hereunder. These photographic tables consist of 4 photographs per area type, which indicate varying levels of cleanliness:

- Level 1 = Desired standard of cleanliness
- Level 2 = Minimum standard of cleanliness
- Level 3 = Unacceptable standard of cleanliness
- Level 4 = Totally unacceptable standard of cleanliness

The Contractor is expected to achieve level 1/2 at all times. Should any portion of a suburb not achieve the required standard of cleanliness, the penalty imposed will be deemed applicable for the entire suburb. The only exception to this would be non-achievement as a result of protest action or community unrest (this would only be considered should there be documented proof of such occasions).

- Level 1 would result in no delay of payment to the Contractor taking place.
- Level 2 would result in no delay of payment to the Contractor taking place; however, the Contractor should endeavour to achieve continual improvement.
- Level 3, A standard amount of 20% for the affected suburbs' will be forfeited from the monthly invoice. An additional 5% for the affected suburbs' will be forfeited from the total invoice value, should level 1 or 2 not be achieved in the specified period of 24 hours. The Contractor will be given notice to achieve level 1 or 2 within 24 hours.
- Level 4, A standard amount of 30% for the affected suburbs' will be forfeited the monthly invoice. An additional 5% for the affected suburbs' will be forfeited, from the total invoice value, should level 1 or 2 not be achieved in the specified period of 24 hours. The Contractor will be given notice to achieve level 1 or 2 within 24 hours.

See Annexure D for the photographic Standard Levels of Cleanliness.

3.4.11.4 Illegal Dumping

Should an incident of illegal dumping occur, the Contractor must make every effort to obtain details such as vehicle registration numbers, company names, address of the offender etc. and report these to the CCT in order that legal steps may be taken against the offender. The Contractor must also encourage the community to do the same.

The CCT or its appointed agent is responsible for the removal of all builders' rubble as defined in this document.

The Contractor is responsible for the removal of all other illegal dumping as described in clause 2.2.1 in this specification.

The only exception will be in the case of medical, hazardous and toxic pharmaceutical, foetuses/bodies and liquid waste where the Contractor must not allow any contact with these waste types. Should the Contractor or personnel see any evidence of such dangerous waste types (even small quantities), this must immediately be reported to the CCT Representative who will arrange for the removal thereof. In the case of foetuses/bodies, the police must be called immediately by the Contractor and the CCT representative advised.

The contractor must also inform the CCT Representative of any builder's rubble that requires removal.

The CCT may from time to time expand the functions. It may be expected from bidders to assist with other functions or duties. This will be communicated with the successful bidder in advance. This may include the appointment of additional workers and supervisors during specific times of the year.

3.5 ADDITIONAL REQUIREMENTS

All of the following are important and integral to the success of this contract and will therefore need to be complied with:

3.5.1 Communication

Although not necessarily the only aspects of communication, the following are vital to the success of this contract and therefore will be enforced. These are:

- Communication with CCT;
- Communication with the community;
- Communication with workers, supervisors and foreman.

It is a condition of this contract that all communication will be in English. Communication may be verbal and/or written. In order to facilitate this, the Contractor will be required to comply with the following:

(a) Monthly meetings: The Contractor's representatives in a form of the Operations Co-ordinator/Contract Lead/Operations Manager will be required to attend at least one formal meeting per month with the CCT's Representative. Minutes will be recorded by the Contractor's Project Management Team and circulated within 5 days of each meeting. The venue and time for such meetings will be determined by the CCT's Representative. These meetings will be held to discuss issues relating to the contract. The Contractor will be required to:

- Report back on his operations in general;
- Report any accidents, injuries, incidents and complaints;
- Vehicle capacity;
- Labour capacity;
- Challenges;
- Answer any questions asked;
- Report back on actions taken based on instructions, requests and agreements made at or since the previous meeting; and
- Discuss any matters relating to the contract and/or its operation.
- Submit monthly written project progress reports in a format to be confirmed by the City after award and adopted by the contractor. These reports must be attached to the Monthly Invoices.
- Contractors need to ensure they are contactable via landline, mobile communication and video conferencing in the event that the City is unable to conduct any physical meetings.

The minutes will become part of the records of this contract. It must be noted that should the Operations Co-ordinator/Contract Lead/Operations Manager not be available for any reason, the meeting may on such an occasion be attended by an approved nominated representative.

(b) Service Inspections: The CCT Representative will, together with the Contractor or his appointed representative conduct inspections at least weekly, in every suburb for which the Contractor is responsible, but also at any time with or without the Contractor's knowledge and attendance. At the combined site inspection, the CCT representative and the Contractor will sign off an agreed Standard of Cleanliness monitoring report.

Should serious problems be found at any inspection, they will be reported to the Contractor immediately, in writing, and the Contractor will be required to react on these problems without unjustifiable delay. The Contractor must confirm in writing that the matter in question has been resolved.

Should the Contractor or his/her appointed alternate not be available for weekly meetings, the inspection will continue and the findings of the CCT Representative will be accepted as a true and fair reflection of the condition of the suburb and the evaluation will not be contested.

(c) Ad Hoc Communication: Because the Contractor is providing a service to the community, it is essential that he/she can be contacted at all times (including after-hours within reason).

To facilitate this, the Contractor:

- must have and maintain in working order, a mobile cellular telephone, to be kept switched on at all reasonable times and with a message receiving facility at all times. It will be up to the Contractor to ensure that messages are checked regularly and especially immediately after it may have been switched off for a period.

3.5.1.1 Communication with the Community

In order to ensure maximum success of this contract, the Contractor will be required to maintain contact with the community in each suburb utilising various methods of communication:

(a) Communication through Ward Councillors and Community Structures

It is a requirement of the contract that the Contractor introduce him/herself to the local Ward Councillor(s). The CCT representative must be present at the meeting. It must be noted that this is a courtesy and that the Councillor(s) may not involve themselves with the operational issues, especially the employment of staff.

(b) Communication through workers and supervisors

Workers and supervisors will be required to:

- Distribute pamphlets to each and every dwelling when required. The pamphlets will be provided by the CCT.
- Encourage residents to look after CCT property such as bins, etc. as well as to report incidents such as illegal dumping with relevant detail such as names and vehicle registrations in order to assist the CCT in tracing the offenders.

(c) Complaints and Incidents

All complaints must be reported to the contracted foreman who must record such complaints and action thereon in writing in a book. This will ensure that records are kept of all complaints and ensure that complaints are effectively reported to the CCT representative and dealt with. This book can be inspected from time to time by the CCT representative.

3.5.1.2 Communication with the Workers, Supervisors and Foreman

a) Responsibility to the Residents

The Contractor must ensure that all contracted employees are aware that they are employed to provide an essential cleansing service for the benefit of their community. As a result, they will be required to be helpful, friendly and service orientated.

They must also be made aware that ultimately they represent the interests of CCT and that failure to perform as above will be viewed in a very serious light and the necessary penalties and possible breach will apply.

Finally, all staff employed by the Contractor must be made aware that they form an important link in the chain regarding all aspects of information to the residents.

b) Responsibility as Contractor

As an employer, the Contractor will be required by law to register with SARS and will have to deduct and pay over tax as well as to meet other legal requirements in terms of employment.

3.5.2 Work Times

3.5.2.1 Daily

In order not to cause disruption to the community, each contractor must provide sufficient infrastructure (tools, materials, labour, etc.) to enable the work to be completed within the hours of 07:00 and 17:00 Mondays to Fridays and midweek public holidays. Although these hours may be exceeded on occasions, this must be the exception and not the rule. Should this be considered by the CCT Representative to be excessive, he may instruct that steps be taken to rectify the matter. All contracted staff are to work 8 hours a day and as per the shift required.

3.5.2.2 Public Holidays

In CBD's the cleaning of business areas are required on midweek public holidays.

3.5.3 CCT/Contractor Relationship

The relationship between the CCT and the Contractor is one of Client and Contracting Company and therefore NOT an employer/employee relationship in terms of the Labour Relations Act (LRA). As such, the Contractor is hired in terms of this agreement and the LRA has no bearing on the CCT/Contractor relationship.

3.5.4 Contractor/Employee Relationship

In order to carry out this contract, the Contractor will be required to employ staff. This will constitute an employer/employee relationship and therefore the LRA will be applicable. Should the Contractor be found to contravene the LRA, it will constitute a breach of this contract.

The Contractor must also ensure that his/her employees are aware that the Contractor and NOT the CCT employ them.

3.5.5 Appointment of Workers, Supervisors and Foreman

It is a requirement of this contract that all Labour (no matter how long the period of employment) be formally

contracted, i.e. have an employment contract as required by law.

3.5.6 Contractor as an Employer

As an employer, the Contractor will be required to take responsibility for the actions of all his/her employees.

As a result, he/she will be required to manage and control all staff in terms of this contract to ensure they do not breach this contract in any way.

This contract does not provide the Contractor, or any employees with the right to access private property without the owner's permission.

3.5.7 Details regarding Invoicing

3.5.7.1 The Contractor must submit the correctly completed EPWP statistics, delivery notes for bags received from the Branch stores, completed bag distribution forms, copies of staff attendance registers and proof of wage payments, number of complaints received and any other required documentation as requested by the CCT representative. These must all be delivered together with each month's invoice.
